

# LEARN FROM THE EXPERTS

Trenchless Training Course May 14-16, 2013

Vermeer Equipment Suppliers will be conducting a three-day horizontal directional drilling course May 14-16, 2013 in Johannesburg. Topics to be covered include HDD principles, technology capabilities, installation and downhole forces, fluid management and tooling selection. Practical field demonstrations will be an integral part of this course. Drill operators and owners, consulting and municipal engineers are strongly encouraged to attend.

Factory representatives from Vermeer, DCI and Baroid will be in attendance.
